737NG Training Syllabus is the descriptive title for this beautifully illustrated 383 plus page document. The highly detailed, full color book is virtually crammed with original graphics and thousands of words of descriptive text that will provide a complete training syllabus for persons wishing to learn to operate the 737NG jet airliner. While intended specifically for the Flight Simulation market, professional airline pilots will find the information useful and informative. This is a guide intended to teach "simmers" how to fly the jet the way "the Pros do".

"... designed to assist airport planners with airfield and airspace capacity evaluations at a wide range of airports. The report describes available methods to evaluate existing and future airfield capacity; provides guidance on selecting an appropriate capacity analysis method; offers best practices in assessing airfield capacity and applying modeling techniques; and outlines specifications for new models, tools, and enhancements. The print version of the report includes a CD-ROM with prototype capacity spreadsheet models designed as a preliminary planning tool (similar to the airfield capacity model but with more flexibility), that allows for changing input assumptions to represent site-specific conditions from the most simple to moderate airfield configurations. The CD-ROM is also available for download from TRB's website as an ISO image. Links to the ISO image and instructions for burning a CD-ROM from an ISO image are provided."--Provided by publisher.

The fun of flying! • Take a cross-country cruise in a Cessna • Buzz tall buildings in a Sopwith Camel • Fly under bridges in a Learjet • Go barnstorming in an Extra 300S stunt plane • Glide on the wind in a Schweizer Sailplane • Deal with major instrument failure in a Boeing 737-400 • Crash-land and walk away from it • Uncover Easter eggs and other surprises With tips, tricks, and strategies for every challenge, this book won't just earn you your wings -- it'll put a feather in your cap.

The author of *The Sporty Game* journeys behind the scenes to examine the high-stakes rivalry between the world's two largest aircraft manufacturers--Boeing and Airbus--drawing on interviews with industry insiders to reveal how Boeing lost its edge in the marketplace and what it is doing to reclaim its status. Reprint. 20,000 first printing.
