Environmental Science Class XII

The CBSE has made certain changes in the assessment structure from the session 2019-20 onwards. In the new scheme of examination, CCE and term system has been replaced with the Internal Assessment & Single Annual Exam by CBSE itself. Single exam conducted by CBSE will carry 80 marks whereas 20 marks are left to the schools for internal assessment. CBSE has issued detailed guidelines on how the internal marks will be divided among different activities. From 2019 onwards, there will be internal choices in board examinations with increased internal options in the question paper. Considering this change, now a student has to prepare accordingly for board examinations. The new assessment format brought with it excitement as well as anxiety. And to help them prepare and excel in their CBSE board examination, Career Point Kota has developed a series of 10 Most Likely Question Papers with Solutions. The Key Features of Most Likely Question Papers with Solutions Series : New OBJECTIVE TYPE question in each paper. Syllabus of CBSE 2019-20. Based on the latest CBSE Syllabus & Pattern. Mind map of each chapter is given to visualize and help acquire a better understanding. Important terms, facts, formulae and quick revision tips are given. Covers questions asked in previous year board exams. Toppers Answer Sheet as released by CBSE to understand the scoring technique. We hope this book will gratify students' need for the new CBSE pattern board exam and smoothen their path to success. We wish to utilize the opportunity to place on record our special thanks to all the members of the Content Development team for their efforts to create this wonderful book.

This book aims to introduce the reader to Biology at an advanced level and to be used in addition to the text book I am sure you already own. I think that conventional textbooks embed the principles too deeply in the text and that these principles are the key to understanding Biology and to success in exams - which is what all students want. This book explains Biology in the form of a series of questions and answers: such as 'What is the function of DNA?'; answer: 'It contains genes that code for the production of proteins and is the molecule of inheritance.' The book also contains exam questions and answers - with hints and tips from me as to how to interpret and answer the questions. Each chapter begins with a glossary so you understand the terms and words BEFORE you read the chapter. My hope is that you will find the book really useful and it will improve and deepen your understanding of Biology.

Providing questions from past exam papers as well as new questions set by actual A Level examiners, this book on biology is one of a series. The authors who are all either Chief Examiners or Examiners, have prepared answers and a full mark scheme for each of the questions. They also include their tips on what the examiner is looking for and how to avoid the most commonly made mistakes.

Some of the key highlights of Oswaal Sample Papers are: • Ten Sample Question Papers covering important concepts from an examination perspective (1-5 solved and 6-10 for Self-Assessment\*) • All Typologies of Questions specified by included for examination success • Scheme of Evaluation upto March/April 2020 Exam with detailed explanations as per the word limit for exam-oriented study • 'On Tips Notes' for crisp revision We hope Oswaal Sample Papers empower each and every student to excel, now and always!!
