"Dr. Patrick Carnes is a creative, pioneering, and courageous human being. His books are changing the lives of thousands!" "I lost three marriages, all because of affairs." "I became suicidal because of multiple intense involvements." "I spent money on sex when I needed it for children's clothes." "I lost promotion opportunities and a special scholarship because my co-workers found out about my sex life." Every day they face the possibility of destruction, risking their families, fiances, jobs, dignity, and health. They come from all walks of life: ministers, physicians, therapists, politicians, executives, blue-collar workers. Most were abused as children--sexually, physically or emotionally--and saw addictive behavior in their early lives. Most grapple with other addictions as well, but their fiercest battle is with the most astounding prevalent "secret" disorder in America: sexual addiction. Here is a ground-breaking work by the nation's leading professional expert on sexual addiction, based on the candid testimony of more than one thousand recovering sexual addicts in the first major scientific study of the disorder. This essential volume includes not only the revealing findings of Dr. Carne's research with recovering addicts but also advice from the addicts and co-addicts themselves as they work to overcome their compulsive behavior. Positive, hopeful, and practical, Don't Call It Love is a landmark book that helps us better understand all addictions, their causes, and the difficult path to recovery.

"You complete me" may be a romantic line in a popular movie, but it's not a healthy basis for a real relationship. Unfortunately, many people are drawn into relationships that are unfulfilling precisely because they are looking to other people to fill in the places where they are lacking--they are looking for a person who will "complete" them. At the heart of relationship dependency is a person's belief that he or she alone is not enough. But using others to provide wholeness simply does not work, because while we are made to be relationship dependent, it is God we must turn to in order to find wholeness. In a warm, engaging style, Drs. Jantz and Clinton walk readers through patterns of relationship dependency, helping them unravel why they are drawn back to the same dry well of unfulfilled relationships over and over again. Readers will discover how to break the cycle, banish their fears, and find wholeness in the God who designed them to be in relationship first and foremost with him, thus freeing them to find healthy relationships with others. Includes a twelve-week personal recovery plan.

Clare and Zari are best friends. They write music together, go everywhere together, and they know everything about the other. At least they did before Zari started dating Dion. The more Zari falls for Dion, the less she has time for anything else. At first, Clare chalks it up to a new and exciting relationship, and she tries to be happy

for her friend despite her loneliness. When Zari starts to show up to school with half-hidden bruises, Clare knows there's something darker about this relationship that has to be stopped.

Don't Call It Love by Lindsay Armstrong released on Sep 24, 1984 is available now for purchase.

Stalking is not love is my account of what my family and I have gone through since I left my ex-husband. It details 3 years of us being stalked, from high speed chase to emails. I refuse to live a life of fear, a life that is non-functional. I will not feel guilty about not loving someone. A person has the right to end a relationship if they are not happy, the right not be harassed or stalked. Stalking is not love, it is a crime. It also is one of the hardest crimes to be convicted of. I know because I am currently experiencing this very situation. I receive emails, phone calls and have had the passwords on personal accounts changed because the stalker knows my SSN. The

stalker parks his car down the street from my home and sits for hours. When he gets fed up he rings my doorbell angrily and leaves. These are just a few of the things I go through daily. I know there are others who are going through the same thing that I am currently experiencing. Some who are hurt or has lost their lives. Maybe our stories can come together and form a band of women, men, boys, girls, people or simply the stalked and be heard. We need help. Stalking is not love. I have a father that has loved me since birth. My father protected me and kept me safe. I have five brothers that love me dearly. I know what it is like to be truly loved by a man. I have a heavenly father tha tloves me unconditionally and protects me. God is my source and refuge. A person would not hurt what they love.
