Ignorance by Kundera, Milan 9780571215515 | eBay

Kundera ' s best work was admittedly done before 2000. His last novel, The Festival of Insignificance, is a hopeless mess. However, Ignorance is quite a good novel but more about that momentarily. Kundera ' s three greatest novels are, in my opinion, The Book of Laughter and Forgetting, The Unbearable Lightness of Being, and Immortality.

Ignorance Quotes by Milan Kundera - Goodreads

Kundera writes that ignorance is "derived from the Latin word ignorare (to be unaware of, not know, not experience; to lack or miss)." He links it, etymologically, with the word nostalgia, which he says "seems something like the pain of ignorance, of not knowing. You are far

away," he continues, "and I don't know what has become of you.

Ignorance - Milan Kundera

Milan Kundera (UK: / k ɒ n d r , k ɒ n -, Czech: [m lan kund ra] ()); born 1 April 1929) is a Czech writer who went into exile in France in 1975, becoming a naturalised French citizen in 1981. Kundera's Czechoslovak citizenship was revoked in 1979. He was given a Czech citizenship in 2019. He "sees himself as a French writer and insists his work should be studied as French ...

Milan Kundera - Wikipedia

Early in the novel Kundera draws a series of correspondences and oppositions: between homesickness, nostalgia, and ignorance; between the longing for a place and the longing for a vanished past or a lost love. How does he develop these themes? Is Irena's nostalgia, for example, merely an expression of ignorance?

Review: Ignorance by Milan Kundera | Books | The Guardian

October 2002 u000bIn Milan Kundera's new novel, *Ignorance*, two Czech Å½migrÅ½s have been talked into returning to the country of their birth after having been away for 20 years. They will soon discover how much things have changed in their absence and learn that who they have become doesn't matter much to their former countrymen.

Book Review - Ignorance by Milan Kundera | BookPage

Milan Kundera is the only author today who can take such dizzying concepts as absence, memory, forgetting, and ignorance, and transform them into material for a novel, masterfully orchestrating them into a polyphonic and moving work.

Ignorance : A Novel by Milan Kundera (2002, Hardcover) for ...

Milan Kundera is a master of graceful illusion and illuminating surprise. In one of these stories a young man and his girlfriend pretend that she is a stranger he picked up on the road - only to become strangers to each other in reality as their game proceeds.

A New York Times Notable Book Irena and Josef meet by chance while returning to their homeland, which they had abandoned twenty years earlier. Will they manage to pick up the thread of their strange love story, interrupted almost as soon as it began and then lost in the tides of history? The truth is that after such a long absence "their memories no longer match."

A man and a woman meet by chance while returning to their homeland, which they had abandoned twenty years earlier when they chose to become exiles. Will they manage to pick up the thread of their strange love story, interrupted almost as soon as it began and then lost in the tides of history? The truth is that after such a long absence 'their memories no longer match'. We always believe that our memories coincide with those of the person we loved, that we experienced the same thing. But this is just an illusion. Then again, what can we expect of our weak memory? It records only 'an insignificant, minuscule particle' of the past, 'and no-one knows why it's this bit and not any other bit'. We live our lives sunk in a vast forgetting, a fact we refuse to recognise. Only those who return after twenty years, like Odysseus returning to his native Ithaca, can be dazzled and astounded by observing the goddess of ignorance first-hand. Milan Kundera is the only author today who can take such dizzying concepts as absence, memory, forgetting, and ignorance, and transform them into material for a novel, masterfully orchestrating them into a polyphonic and moving work.

A New York Times Notable Book Irena and Josef meet by chance while returning to their homeland, which they had abandoned twenty years earlier. Will they manage to pick up the thread of their strange love story, interrupted almost as soon as it began and then lost in the tides of history? The truth is that after such a long absence "their memories no longer match."

Rich in its stories, characters, and imaginative range, *The Book of Laughter and Forgetting* is the novel that brought Milan Kundera his first big international success in the late 1970s. Like all his work, it is valuable for far more than its historical implications. In seven wonderfully integrated parts, different aspects of human existence are magnified and reduced, reordered and emphasized, newly examined, analyzed, and experienced.

When *The Unbearable Lightness of Being* was first published in English, it was hailed as "a work of the boldest mastery, originality, and richness" by critic Elizabeth Hardwick and named one of the best books of 1984 by the New York Times Book Review. It went on to win the Los Angeles Times Book Prize for Fiction and quickly became an international bestseller. Twenty years later, the novel has established itself as a modern classic. To commemorate the anniversary of its first English-language publication, HarperCollins is proud to offer a special hardcover edition. A young woman in love with a man torn between his love for her and his incorrigible womanizing; one of his mistresses and her humbly faithful lover -- these are the two couples whose story is told in this masterful novel. Controlled by day, Tereza's jealousy

awakens by night, transformed into ineffably sad death-dreams, while Tomas, a successful surgeon, alternates loving devotion to the dependent Tereza with the ardent pursuit of other women. Sabina, an independent, free-spirited artist, lives her life as a series of betrayals -- of parents, husband, country, love itself -- whereas her lover, the intellectual Franz, loses all because of his earnest goodness and fidelity. In a world in which lives are shaped by irrevocable choices and by fortuitous events, a world in which everything occurs but once, existence seems to lose its substance, its weight. Hence we feel, says the novelist, "the unbearable lightness of being" -- not only as the consequence of our private acts but also in the public sphere, and the two inevitably intertwine. This magnificent novel encompasses the extremes of comedy and tragedy, and embraces, it seems, all aspects of human existence. It juxtaposes geographically distant places (Prague, Geneva, Paris, Thailand, the United States, a forlorn Bohemian village); brilliant and playful reflections (on "eternal return," on kitsch, on man and animals -- Tomas and Tereza have a beloved dog named Karenin); and a variety of styles (from the farcical to the elegiac) to take its place as perhaps the major achievement of one of the world's truly great writers.

Milan Kundera's sixth novel springs from a casual gesture of a woman to her swimming instructor, a gesture that creates a character in the mind of a writer named Kundera. Like Flaubert's *Emma* or Tolstoy's *Anna*, Kundera's *Agnes* becomes an object of fascination, of indefinable longing. From that character springs a novel, a gesture of the imagination that both embodies and articulates Milan Kundera's supreme mastery of the novel and its purpose; to explore thoroughly the great, themes of existence.

In this dark farce of a novel, set in an old-fashioned Central European spa town, eight characters are swept up in an accelerating dance: a pretty nurse and her repairman boyfriend; an oddball gynecologist; a rich American (at once saint and Don Juan); a popular trumpeter and his beautiful, obsessively jealous wife; an disillusioned former political prisoner about to leave his country and his young woman ward. Perhaps the most brilliantly plotted and sheer entertaining of Milan Kundera's novels, *Farewell Waltz* poses the most serious questions with a blasphemous lightness that makes us see that the modern world has deprived us even of the right to tragedy. Written in Bohemia in 1969-70, this book was first published (in 1976) in France under the title *La valse aux adieux* (*Farewell Waltz*), and later in thirty-four other countries. This beautiful new translation, made from the French text prepared by the novelist himself, fully reflects his own tone and intentions. As such it offers an opportunity for both the discovery and the rediscovery of one of the very best of a great writer's works.

Milan Kundera's lightest novel, a divertimento, an opera buffa, *Slowness* is also the first of this author's fictional works to have been written in French. Disconcerted and enchanted, the reader follows the narrator of *Slowness* through a midsummer's night in which two tales of seduction, separated by more than two hundred years, interweave and oscillate between the sublime and the comic. Underlying this libertine fantasy is a profound meditation on contemporary life: about the secret bond between slowness and memory, about the connection between our era's desire to forget and the way we have given ourselves over to the demon of speed. And about "dancers" possessed by the passion to be seen, for whom life is merely a perpetual show emptied of every intimacy and every joy.

All too often, this brilliant novel of thwarted love and revenge miscarried has been read for its political implications. Now, a quarter century after *The Joke* was first published and several years after the collapse of the Soviet-imposed Czechoslovak regime, it becomes easier to put such implications into perspective in favor of valuing the book (and all Kundera's work) as what it truly is: great, stirring literature that sheds new light on the eternal themes of human existence. The present edition provides English-language readers an important further means toward reevaluation of *The Joke*. For reasons he describes in his Author's Note, Milan Kundera devoted much time to creating (with the assistance of his American publisher-editor) a completely revised translation that reflects his original as closely as any translation possibly can: reflects it in its fidelity not only to the words and syntax but also to the characteristic dictions and tonalities of the novel's narrators. The result is nothing less than the restoration of a classic.

"A magic curtain, woven of legends, hung before the world. Cervantes sent Don Quixote journeying and tore through the curtain. The world opened before the knight-errant in all the comical nakedness of its prose." In this thought-provoking, endlessly enlightening, and entertaining essay on the art of the novel, renowned author Milan Kundera suggests that "the curtain" represents a ready-made perception of the world that each of us has—a pre-interpreted world. The job of the novelist, he argues, is to rip through the curtain and reveal what it hides. Here an incomparable literary artist cleverly sketches out his personal view of the history and value of the novel in Western civilization. In doing so, he celebrates a prose form that possesses the unique ability to transcend national and language boundaries in order to reveal some previously unknown aspect of human existence.
