BUSINESS FINANCE presents finance from a business point of view. This text, written specifically for high school students, covers finance fundamentals, long-term and short-term funding sources, business risk management, use of technology, and international finance. Business Finance combines fundamental concepts with a strong lesson-based instructional design, weaving in interesting real-world features, creative methods of assessment, research opportunities, financial calculations, case studies, and academic connections. Whether your course is offered at an Academy of Finance, within a Finance Career Cluster Concentration, or as part of a business curriculum, Business Finance provides you with complete coverage. The comprehensive package of print and technology resources reaches students with a variety of learning styles, skills, and educational backgrounds. Students examine the financial side of running a business, keeping records, protecting against loss, offering credit, and making strategic decisions.
