A plain-English guide that demystifies the business landscape inChina from a due diligence point of view Due diligence is crucial to any business deal, and, thankfully,due diligence research has come a long way over the years. Whatused to be a cumbersome, time-consuming process has beenstandardized and systemized with generally accepted auditingframeworks and tools, such as the all-important auditing"checklists." But when it comes to doing due diligence in China,with its opaque regulatory system and byzantine accountingstandards, all bets are off. In this book an acknowledged expert inthe field takes you beyond the checklists to arm you withChina-specific due diligence strategies, tools and techniques thatgo beyond what is typically part of the process. Gives a detailed account of why conventional frameworks used inthe west simply don't work in China Provides first-hand accounts based on the author's years ofexperience as a private equity professional doing deals inChina Reviews, in-depth, the unique differences between corporationsand businesses in China and those in the West and theirimplications for the due diligence process Uses numerous case studies to guide the reader through aentire due diligence process for a firm in China

How can you be sure you are buying the company you think you are? Are you sure it is as good as the seller says? How can you be certain unexpected costs and obligations will not suddenly appear once you are the owner and responsible for them? How best can you arm yourself for the negotiations? Have you worked out precisely what you are going to do with it once it is yours? How do you set the priorities for change to recoup the premium you have paid for it? The answer to all these questions, and many more, lies with effective due diligence. Due diligence is one of the most important but least well understood aspects of the acquisition process. It is not, as many believe, a chore to be left to the accountants and lawyers. To get the best from it, due diligence has to be properly planned and professionally managed. This book is a comprehensive manual on getting due diligence right. It is a uniquely comprehensive guide, covering all aspects of the process from financial, legal and commercial due diligence right through to environmental and intellectual property due diligence. There are also useful chapters on working with advisers and managing due diligence projects. It also includes a number of checklists to help ensure that the right questions are asked.

Designed to help you make your due diligence process as smooth and effective as possible, this collection of checklists by acknowledged expert, Peter Howson, will ensure you manage the risk aspects of any acquisition. The author takes you through the due diligence process itself from legal, financial and commercial to employment and IT, and guides you through the collection. Each checklist includes a short introduction that enables you to make the best use of the material.

This chapter is from The Art of M&A, Fourth Edition, which, since its original publication, has been the definitive source of information for authoritative guidance on all aspects of mergers and acquisitions. This book provides clear, in-depth answers and explanations on everything from the SEC rules and new tax guidelines to documents and key players. From structuring to due diligence to integration, the authors provide up-to-the-minute information on avoiding mishaps and completing the deal.

Volumina von M&A-Transaktionen steigen. Die Gründe sind vielfältig, die Tendenz ist branchenübergreifend und unabhängig von der Unternehmensgröße. Doch viele Transaktionen liefern nicht das avisierte Resultat. Zeit für einen innovativen Ansatz im entscheidungsrelevanten M&A-Teilprozess Due Diligence. Dabei werden die Herausforderungen der für den Prozess nur limitiert zur Verfügung stehenden Ressourcen Zeit und Know-how abgearbeitet. Der Ansatz löst sich von den Retrospektiven und bildet zudem Nachhaltigkeit und Zukunftsorientierung mit ab. Heraus kommt ein Due-Diligence-Modell, das den Anspruch erhebt, die Qualität der Handlungsempfehlung zu erhöhen. Das Buch richtet sich an Kauf- und Verkaufsseite, sowie externe Berater gleichermaßen.

This book examines how to conduct due diligence on mergers and acquisitions for organisations in China written from a management perspective. Aimed primarily at practitioners within the field of International Human Resource Management, it highlights models that appear straightforward and yet are susceptible to oversights and failings. It examines the roles of human resource practitioners from when a target company is identified for mergers or acquisitions through to assessing its risks. The book incorporates adopting human resource management strategies under differing business conditions, negotiating to secure the deal and integrating the new business unit to the merged or acquired organisation. This title gives a fantastically detailed analysis of due diligence, capturing the nuances of the Chinese way of doing things and how this affects a business environment. Provides practical and realistic solutions to real-world problems Concisely draws upon the authors' wide-ranging practical and research experience in conducting due diligence assignments in organisations in China Written by highly knowledgeable and well-respected practitioners in the international Human Resource Management field

This law book includes advice on corporate business structuring deals, negotiating agreements, identifying issues and solving the real problems that are likely to arise during the acquisition.
