Description For upper-level undergraduate and first-year MBA courses in managerial and applied economics. This text will excite readers by providing a more linear progression, while proving the consistency and relevance of microeconomic theory.

~~Managerial Economics, 7th Edition — Pearson~~

Managerial Economics and Strategy uses real-world issues and examples to illustrate how economic principles impact business decisions. Emphases on agency and contract theory, managerial behavioral economics, game theory, and pricing are especially valuable to future managers. In-text examples and boxed mini-cases use actual data to illustrate the use of basic economic models, while Q&As pose important managerial or economic problems and demonstrate a step-by-step approach to solving them.
