Known for its clear narrative voice and impeccable scholarship, Alan Brinkley's best-selling program for the U.S. survey course invites students to think critically about the many forces that continually create the Unfinished Nation that is the United States. In a concise but wide-ranging narrative, Brinkley shows the diversity and complexity of the nation and our understanding of its history--one that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This edition features a series of Patterns of Popular Culture essays, as well as expanded coverage of pre-Columbian America, new America in the World essays, and updated coverage of recent events and developments that demonstrates how a new generation continues to shape the American story.

Known for its clear narrative voice and impeccable scholarship, Alan Brinkley's best-selling program for the U.S. survey course invites students to think critically about the many forces that continually create the Unfinished Nation that is the United States. In a concise but wide-ranging narrative, Brinkley shows the diversity and complexity of the nation and our understanding of its history--one that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This edition features a series of Patterns of Popular Culture essays, as well as expanded coverage of pre-Columbian America, new America in the World essays, and updated coverage of recent events and developments that demonstrates how a new generation continues to shape the American story.

"In The Unfinished Nation, Alan Brinkley provides a clear and intelligent account of the American past that strikes a balance between the new diversity in scholarship and the narrative unity that any general history must have. He makes clear that one can incorporate the rich and varied experiences of America's many cultures into a coherent and compelling story and at the same time retain a sense of what ties Americans together as members of a perpetually troubled but remarkably successful nation"--Description from amazon.com.

Balancing social and cultural history with traditional political and diplomatic themes, historian Brinkley tells the story of the diversity and complexity of the United States and the forces that have enabled it to survive and flourish despite division. This fifth edition features eight new essays and enhanced coverage of recent events and developments in the continuing American story.--From publisher

The Unfinished Global Revolution is a front-line view of the challenges of leadership and the importance of creating greater global cooperation. The former United Nations Deputy Secretary-General, Mark Malloch-Brown diagnoses the central global predicament of the 21st century. As we have become more integrated, we have also become less governed. National governments are no longer equipped to address complex global issues. From climate change to poverty, international organizations have not yet been empowered to step into the breach. The Unfinished Global Revolution chronicles how over the past few decades, domestic problems - from unemployment to environmental distress - have international roots. Increasingly, ad hoc arrangements between NGOs, civil society and the private sector are filling in the gap created by the failures of individual governments. Malloch-Brown urges us to embrace these evermore powerful international institutions and the values needed to underpin a truly globalist agenda - the rule of law, human rights, and greater opportunity for all. Now is the moment for creative statesmanship to form a new approach to global politics, one that will produce stronger international institutions that revive rather than replace national governments. Malloch-Brown has been at the centre of recent world events. Drawing on his experiences at the frontlines of international development - from Cambodia to Darfur, Washington to UN headquarters - Malloch-Brown provides a personal, on-the-ground view of seemingly abstract challenges and forecasts the way forward in global politics. This book should be required reading for all policy makers, politicians and concerned citizens of the world.

The Unfinished Revolution is a superb new biography of Sun Yat-sen, whose life, like the confusion of his time, is not easy to interpret. His political career was marked mostly by setbacks, yet he became a cult figure in China after his death. Today he is the only 20th-century Chinese leader to be widely revered on both sides of the Taiwan Strait. In contrast, many Western historians see little in his ideas or deeds to warrant such high esteem. This book presents the most balanced account of Sun to date, one that situates him within the historical events and intellectual climate of his time. Born in the shadow of the Opium War, the young Sun saw China repeatedly humiliated in clashes with foreign powers, resulting in the loss of territory and sovereignty. When his efforts to petition the decrepit Manchu court to institute reforms failed, Sun took to revolution. Sun traversed the globe to canvass support

Read Free The Unfinished Nation 7th Edition

for his cause. A notable feature of the book is its coverage of the overseas Chinese in Southeast Asia and their contributions to his uprisings on the mainland, which set the stage for the overthrow of two millennia of imperial rule in 1911. But Sun's vision of China was not to be. Within a few years the republic was hijacked and plunged into chaos. This fascinating and immensely readable work illuminates the man and his achievements, his strengths and his weaknesses, revealing how he came to spearhead the revolution that would transform his country and yet, at his death in 1925 and still today, remain agonizingly unfinished.

This popular classic text chronicles America's roller-coaster journey through the decades since World War II. Considering both the paradoxes and the possibilities of post-war America, Chafe portrays the significant cultural and political themes that have colored our country's past and present, including issues of race, class, gender, foreign policy, and economic and social reform. He examines such subjects as the Vietnam War, the Civil Rights movement, the origins and the end of the Cold War, the culture of the 1970s, the Reagan years, the Clinton presidency, and the events of September 11th and their aftermath. In this edition, Chafe provides an insightful assessment of Clinton's legacy as president, particularly in light of his impeachment, and an entirely new chapter that examines the impact of two of America's most pivotal events of the twenty-first century: the 2000 presidential election turmoil and the September 11th terrorist attacks. Chafe puts forth an excellent account of George W. Bush's first year as president and also covers his subsequent role as a world leader following his administration's declared war on terrorism. The completely revised epilogue and updated bibliographic essay offer a compelling and controversial final commentary on America's past and its future. Brilliantly written by a prize-winning historian, the fifth edition of *The Unfinished Journey* is an essential text for all students of recent American history

In *American by Blood*, three U.S. Army scouts leading an infantry column arrive a day late to join Custer at the Little Bighorn. They come upon the ruins of the Seventh Cavalry, a trail of blood and corpses defiled by wild dogs and swarms of flies. It is a scene that will haunt these three young men in vivid and irrevocable ways. With the loss at Little Bighorn, their mission to find and help clear the land of the Indian tribes ineluctably becomes one of vengeance as well. They journey into limitless wilderness after their prey, skirmishing in the dense forests and the high plains. The scouting party consists of James H. Bradley, who discovers that war is as much a test of the heart as it is of his ideals; William Gentle, who finds himself torn between his desire to emulate the older soldiers and his fascination with the Indians they hunt; and August Huebner, who wishes to see an America beyond that which he knows and escape the slums of the newly industrialized East. Gus Huebner was the author's great-great-grandfather,

Read Free The Unfinished Nation 7th Edition

who in 1875 left New Jersey to join the army into the West. Family myth has it that he arrived a day late to the Battle of Little Bighorn. From these scant biographical details, Andrew Huebner has imagined a rich and powerful novel of the American West. *American by Blood* unforgettably combines epic storytelling and evocations of awe-inspiring natural beauty with a shattering repudiation of some of our nation's most central myths.

Abomination. Curse. Murderer. All names hurled at eighteen-year-old Seraphina Dovetail. As the seventh-born daughter to a witch, she's the cause of her mother losing her powers and, in turn, her life. Abandoned as a child, Sera dreams of becoming an inspector and finding her family. To do that, she must be referred into the Advanced Studies Program at the Aetherium's Witchling Academy. Her birth order, quick temper, and tendency to set things on fire, however, have left her an outcast with failing marks...and just what Professor Nikolai Barrington is looking for. The tall, brooding, yet exceedingly handsome young professor makes her a proposition: become his assistant and he'll give her the referral she needs. Sera is quickly thrust into a world where witches are being kidnapped, bodies are raised from the dead, and someone is burning seventhborns alive. As Sera and Barrington grow ever closer, she'll discover that some secrets are best left buried...and fire isn't the only thing that makes a witch burn.
