Change Manual Transmission Fluid [Infiniti G35/Nissan 350Z—

Checking the fluid on a manual transmission will usually require a jack to access a plug located beneath the car. For most drivers, a visit to our service center near New Braunfels is a better option. If your vehicle delays before shifting gears, it could be due to low transmission fluid. However, it could also be a sign of a more serious problem. Check the fluid level first, or you can schedule a service appointment with our team. It's best to replace your transmission fluid every 50,000 ...

What Type of Transmission Fluid for Infiniti FX—Capacity

Transmission fluid lubricates all the moving parts of a transmission set. It transfers the power of the engine to the transmission and it keeps components of the transmission from getting overheated. Dirty transmission fluid leads to dirty gears, transmission slipping and eventual inoperability. To maintain their cars and their budgets, many Infiniti G35 owners have decided to drain and fill their transmission fluid themselves.

How to Drain & Fill Infiniti G36 Transmission Fluid | It—

API GL-5 Manual Transmission Fluid by Torco®. Torco MTF Manual Transmission Fluid is a special light viscosity, low friction oil with superior load carrying and wear protection properties. It is formulated using the highest quality... \$11.88 - \$142.50.

Infiniti Transmission Fluids, Oils, Additives | Automate—

You need GL4 fluid. Most fluid you buy at autoparts stores is GL5. I recommend a mixture of 2 quarts Redline MTL (70W-80) and 2 quarts Redline MT-90 (75W-90), as Nissan calls for 75W-85 oil. Jack up car and place on jackstands. You will see 1 drain plug on the bottom of the transmission, and 1 fill plug on the passenger side. Both use a 10mm Hex Socket.

Changing the manual transmission fluid on your G35 or 350Z
